BROCHURE 2018.

BMW R 1200 GS.

MAKE LIFE A RIDE.

OVERVIEW.

As the ultimate travel Enduro, the BMW R 1250 GS has always stood for the perfect combination of riding dynamics, touring and off-road capability. This is ensured by the powerful two-cylinder boxer engine with BMW ShiftCam, the precise and manageable chassis suspension, as well as modern assistance systems that make this bestseller up to any challenge.

STANDARD EQUIPMENT.

BMW R 1250 GS

Model code. 0J91

Engine/drive

- Air/liquid-cooled, twin-cylinder four-stroke boxer engine with double overhead spur-gear-driven camshaft and balance shaft
- Cylinder head with 4 valves and BMW ShiftCam technology
- Capacity: 1,254 cc
- Max. output: 100 kW (136 hp) at 7,750 rpm
- Max. torque: 143 Nm at 6,250 rpm
- E-gas (electronic throttle valve control)
- Regulated three-way catalytic converter
- Stainless steel exhaust system with sound flap
- Aluminium cylinder head covers
- Wet eight-disc clutch with anti-hopping function, hydraulically operated
- Six-speed helical synchromesh gearbox
- Shaft drive
- Compliant with Euro 4 emissions standard

Dimensions/weight	
• Length (over spray protection):	2,207 mm
• Height (at windshield) / width (including mirrors):	1,430 mm / 952.5 mm
• Wheelbase (normal position):	1,525 mm
• Unloaded weight, fully fuelled/road-ready: <p><small>According to guideline VO (EU) 168/2013 with all equipment, with standard equipment, and filled to at least 90% of the usable tank capacity.</small></p>	249 kg
• Permitted total weight:	465 kg
• Max. load (with standard equipment):	216 kg
• Usable tank capacity (of which reserve):	20 l (approx. 4 l)

Performance/fuel consumption

- Max. speed:

over 200 km/h
- Fuel consumption per 100 km according to WMTC:

4.75 l
- Fuel type: Premium unleaded, 95 octane (RON); adaptation through 91-98 engine control (RON)

Chassis

- BMW Motorrad Integral ABS (partially integral), can be switched off
- ASC (Automatic Stability Control), switchable
- BMW Motorrad Telelever with hydraulic steering damper at the front, stanchion diameter 37 mm
- BMW Motorrad Paralever at rear
 - Spring preload infinitely hydraulically adjustable via handwheel
 - Rebound damping adjustable via 12-step handwheel
 - Spring strut with WAD (travel-related damping)
- Double disc with four-piston radial brake calipers, front (diameter 305 mm)
- Single disc brake at rear (diameter 276 mm), double-piston floating caliper
- Double-buttet aluminium handlebars, adjustable
- Cast aluminium wheels (tyres 120/70 R 19 at front, 170/60 R 17 at rear)
- Side stands with ignition cut-out switch

Electrical system

- Full LED headlight (low-beam headlight and high beam)
- TFT display with BMW Motorrad Connectivity and on-board computer ¹: Multi-functional info display that can be controlled using the Multi-Controller, with 6.5" full-colour TFT display as well as media and telephone functions. High-resolution colour display with innovative presentation of vehicle-specific data and media information. Intuitively functional Multi-Controller for operating all available vehicle functions (depending on the selected optional equipment). With additional information and navigation via the BMW Motorrad Connected app.
- On-board electrical socket
- CAN bus with Single Wire System (SWS)
- Electronic immobiliser
- Diagnostic interface
- Hazard warning lights
- 510-W generator
- White-glass indicators and LED rear light

Equipment

- Two-piece seat, black, height-adjustable rider seat (seat height: 850/870 mm; step length: 1,870/1,910 mm); pillion seat with GS lettering, length adjustable by 30 mm
- Transparent windshield (steplessly adjustable via handwheel)
- Aluminium bash plate
- Luggage grid
- Centre stand
- One key system for all locks
- Pillion passenger grab handles
- Adjustable handbrake, footbrake and clutch levers
- Crossbeam for pillion footrests and number-plate carrier can easily be removed for off-road use
- On-board literature and tools

Special features

- Hill Start Control
- Removable number-plate carrier

Colours

- Paintwork in ND2 Black Storm Metallic / Seat in Black / Silver handlebars, drive train and main frame / Black rear frame and brake callipers / Gold anodised telescopic fork / Asphalt Grey Metallic Matt tank side trim / White Aluminium Matt luggage rack / Granite Grey Metallic Matt wheels
- Paintwork in N05 Cosmic Blue Metallic / Seat in Black / Silver handlebars, drive train and main frame / Black rear frame and brake callipers / Gold anodised telescopic fork / Asphalt Grey Metallic Matt tank side trim / White Aluminium Matt luggage rack / Granite Grey Metallic Matt wheels

Only available for BMW R 1250 GS Exclusive at an additional cost.

^[1] Helmet with BMW Motorrad communications system and smartphone required (available separately). Costs may be incurred through your mobile data plan. More information about your data and roaming tariffs is available through your mobile phone operator. Hands-free telephony (HFP), media playback (A2DP and AVRCP) and navigation (SPP/iAP) are supported by most current smartphones. The BMW Motorrad Connected app works on Apple devices running iOS 10.3.1 and above or Android devices running 6.0.1. and above. The type and range of navigation is dependent on the technical environment and the user's mobile device. Navigation is available via the BMW Motorrad Connected App as long as BMW Motorrad receives card data and navigation services from a third party provider for a minimum of 3 years after the initial registration. More information at bmw-motorrad.com/connectivity.

Illustrations may show optional equipment.

OPTIONAL EQUIPMENT.

Optional equipment (available at additional cost)

BMW R 1250 GS HP Option code 456

Does not include central stand, but it can be ordered via option code 413 pillion package or option code 4A1 low pillion package.

- Exclusive HP motorsport colouring in Light White / Racing Blue Metallic / N2E Racing Red / Black handlebars, telescopic forks and rear frame / Light White main frame, tank side trim and front mudguard / Black Matt front panel carrier and drive train / Silk Gloss Black luggage rack / Gold anodised brake callipers / HP inscription and large coloured tapes on the tank side parts

- Rallye windshield, clear
- Rallye seat, low, with luggage grid in motorsport colours (seat height: 860 mm / step length: 1,880 mm)

¹ To make an intelligent emergency call, the vehicle must be located and identified and any information required by the emergency services must be passed on to the relevant emergency dispatch centre. Speed data is not transmitted. More information is available at bmw-motorrad.com/eca.

Optional equipment packages (available at additional cost)

Comfort package Option code 230
(available in conjunction with chrome-plated exhaust system)

Comfort package Option code 230
(available in conjunction with chrome-plated manifold)

- TPC (tyre pressure control) Option code 530
- Black hand protector Option code 589

Available in White in conjunction with the BMW R 1250 GS HP equipment variant.

- Heated grips Option code 519
- Chrome-plated exhaust system Option code 350

Not in conjunction with HP sport silencer, option code 19A (see page 11).

or alternatively

- Chrome-plated manifold Option code 340

Only in conjunction with HP sport silencer option code 19A (see page 11).

Price benefit (available in conjunction with chrome-plated exhaust system)

Price benefit (available in conjunction with chrome-plated manifold)

Touring package Option code 233

- Dynamic ESA (Electronic Suspension Adjustment) Option code 191

Function includes automatic travel position compensation and automatic damping adjustment.

- Keyless Ride Option code 193
- Cruise control Option code 538
- Navigation device preparation Option code 272
- Case holders for Vario cases, left and right Option code 681

Dynamic package Option code 235

- Pro riding mode Option code 224

(see detailed information on p. 9).

- Pro gear-shift assist Option code 222
- Daytime running light Option code 202
- LED indicators, White Option code 590

Pillion package Option code 413

Only available in conjunction with BMW R 1250 GS HP.

- Standard seat instead of the low Rallye seat
- Standard windshield instead of the clear Rallye windshield
- Centre stand

Low pillion package Option code 4A1

Only available in conjunction equipment variant BMW R 1250 GS HP, option code 776 'Low rider seat', option code 499 'Lowered suspension' and option code 191 'Dynamic ESA (Electronic Suspension Adjustment)'.

- Option code 776 'Low rider seat' instead of the low Rallye seat
- Standard windshield instead of the clear Rallye windshield
- Centre stand

The seat height specifications refer to the standard chassis and suspension. Further details about seat heights can be found on the website bmw-motorrad.com

Optional equipment available at no extra cost

- Output reduction (79 kW / 107 hp) Option code 703
- Off-road tyres Option code 633
- Low rider seat (seat height: 820 mm; step length: 1,860 mm) Option code 776

Optional equipment available at additional cost

- Intelligent Emergency Call ¹ Option code 6AC

The optional Intelligent Emergency Call offers that extra bit of safety. The system is built into the handlebar and, in the case of an emergency, can automatically alert the emergency services.

- Dynamic ESA (Electronic Suspension Adjustment) Option code 191

Function includes automatic travel position compensation and automatic damping adjustment.

- TPC (tyre pressure control) Option code 530
- Pro riding mode Option code 224

(see detailed information)

- Sport suspension Option code 547

Only available in conjunction with equipment variant BMW R 1250 GS HP and option code 191 'Dynamic ESA (Electronic Suspension Adjustment)'. Seat height / step length increase by 20 mm / 40 mm.

- Pro gear-shift assist Option code 222

- Chrome-plated exhaust system Option code 350

- HP battery Option code 531

Only available in conjunction with BMW R 1250 GS HP.

Optional equipment available at additional cost (continuation)

- Comfort seat, Black (seat height: 820 / 840 mm) Option code 775
Not available in conjunction with BMW R 1250 GS HP.
- Comfort seat, high, Black (seat height: 850 / 870 mm / inner leg curve: 1,920 / 1,940 mm) Option code 132
Not available in conjunction with BMW R 1250 GS HP.

- Rallye seat, high, with luggage grid (seat height: 880 mm / step length: 1,920 mm) Option code 759
Only available in conjunction with BMW R 1250 GS HP.

- Lowered suspension (seat height: 800 / 820 mm / inner leg curve: 1,750 / 1,790 mm) Option code 499
Only available in conjunction with option code 191 dynamic ESA.

- Cruise control Option code 538

- Case holders for Vario cases, left and right Option code 681

- Daytime running light Option code 202

Detailed information for Pro riding mode

Rain and Road modes are available as standard. The optional equipment for Pro riding mode includes the two additional modes Dynamic and Enduro. A coding plug changes Dynamic mode to Dynamic Pro, and Enduro to Enduro Pro, allowing both modes to be customized. Pro riding mode also includes the ABS Pro gradient-optimised braking system, Enduro ABS for off-road riding, dynamic brake light, DTC Dynamic Traction Control for on-road use, Enduro-ASC traction control optimized for off-road. In addition, the hill start assistant HSC Pro activates the brake automatically when stopping on uphill gradients and the Dynamic Brake Assist (DBC) supports emergency braking.

BMW MOTORRAD SPEZIAL.

MAKE YOUR GS ONE OF A KIND WITH BMW MOTORRAD SPEZIAL.

BMW Motorrad Spezial, offers high-quality customisation options ex works. Choose from the meticulously made Classic and HP milled parts packages to give your bike its own distinct character. The HP sport silencer brings maximum performance optically and acoustically to the road. And best of all: many of the BMW Motorrad Spezial equipment options are also available individually as genuine BMW Motorcycle accessories. Details can be found on the following pages.

1 Option 719: Classic milled parts package

Minimalistic, elegant and striking: the Option 719 Classic milled parts package has an exquisitely pure design. Lovingly milled contouring and the exclusive insignia exude elegance and charm. An anodized aluminium coating protects the surfaces.

Scheduled availability from first quarter of 2019.

Option code 796

2 HP milled parts package

The HP milled parts package underlines the sporty character of the bike with high-quality aluminium components in a bicolour look.

Scheduled availability from first quarter of 2019.

Option code 799

All Option 719 milled part packages for the BMW R 1250 GS include cylinder head covers, including ignition coil cover, oil filler plug, engine front cover, brake and clutch levers, footrests including foot brake and clutch levers, expansion tank covers and mirrors. All individual parts are also available as genuine BMW accessories.

3 HP sport silencer

The HP titanium sport silencer with a carbon end cap delivers a punchy sound and makes every ride a visual and acoustic experience.

Option code 19A

ORIGINAL BMW MOTORRAD ACCESSORIES.

HP PARTS.*

1 HP sport silencer

The HP titanium sport silencer with a carbon end cap delivers a punchy sound and makes every ride a visual and acoustic experience. Also available as an equipment option.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership. Scheduled availability from first quarter of 2019.

- HP sport silencer

HP PARTS.*

HP milled parts

Also available as an equipment option.

Further information on BMW Motorrad Spezial can be found on pages 10–11.

HP cylinder head covers, HP slip pads for cylinder head covers, HP engine housing cover, HP rider footrests, HP foot lever and HP hand lever. To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership. Scheduled availability from first quarter of 2019.

- 2 • HP cylinder head covers (left and right)
- • HP slip pads for left and right cylinder head covers
- 2 • HP oil filler plug
- 3 • HP engine housing cover, front
- 4 • HP rider footrest, adjustable (left and right)
- 5 • HP foot lever, adjustable (left and right)
- 6 • HP hand lever, adjustable (left and right)
- 7 • HP mirror (left and right)
- 8 • HP cover for expansion tank, left and right

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

STORAGE.*

Aluminium cases

Together, these robust panniers offer a total capacity of 80 litres. They have two locks each, plus lashing eyes for additional luggage. Motorcycle central locking possible.

Not available in conjunction with LED indicators at the rear with short base; install LED indicators with long base if necessary.
Only available in conjunction with pannier mountings for aluminium cases: To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership. Case holder not available in conjunction with Rallye seat with luggage grid.
Black case holder: when used with an aluminium pannier, the black coating can be rubbed off at the contact points.

- 1 • Aluminium cases (44 l, left and 36 l, right)
- 2 (o) Black aluminium cases (44 l, left and 36 l, right)
- • Case holders for aluminium cases
- (o) Black case holders for aluminium cases
- (+) Mounted parts

Only available in conjunction with part number 77 30 8 546 226 (cover kit for holes for grab handles) if the standard pillion passenger grab handles have been removed.

Aluminium topcase and backrest pad

The waterproof topcase has a capacity of 32 l and lashing eyes for securing additional luggage. Together with the optional backrest pad added, it provides increased comfort for the pillion passenger. Motorcycle central locking possible.

Only available in conjunction with topcase rack for aluminium topcases: To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership. Black topcase rack: when used with an aluminium topcase, the black coating can be rubbed off at the contact points.

- 3 • Aluminium topcase, 32 l
- 2 (o) Black aluminium topcase, 32 l
- • Topcase rack for aluminium topcase
- (o) Black topcase rack for aluminium topcase
- (+) Mounted parts
- 4 • Backrest pad for aluminium topcase

STORAGE.*

5 Inner bags for aluminium cases and topcase

Waterproof inner bags are also available for the aluminium cases and the topcase. They make loading and unloading easier, protect luggage, and come with straps that make them easy to transport. Fastening kit included.

- Inner bag for aluminium pannier, left
- Inner bag for aluminium pannier, right
- Inner bag for aluminium topcase

6 Carry handles for aluminium luggage system

These practical handles make it easier to carry the aluminium cases to and from your bike. They can also be used to secure additional luggage.

- Carry handle for aluminium cases and topcase

7 Large topcase, 49 l and backrest pad

At 49 l, the waterproof topcase (fig.: Granite Grey Metallic Matt) has a painted topcase lid and offers plenty of space. The optional backrest pad offers additional comfort for the pillion passenger.

Only available in conjunction with luggage grid and topcase holder. Topcase rack: To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Large topcase, 49 l
- • Topcase rack for luggage grid
- (+) Mounted parts
- • Backrest pad for topcase, large

8 Inner bag for large topcase

This user-friendly inner bag has a large main compartment and two outer pockets, making full use of the topcase's capacity and folding flat when not in use.

Loading and unloading can be accomplished quickly and easily.

- Inner bag for large topcase

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(o) = "or" position can be used as an alternative

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

ORIGINAL BMW MOTORRAD ACCESSORIES.

STORAGE.*

Vario cases

The Vario cases are fitted with a patented adjustment system. The volume allows their capacity to be reduced from 68 l (29 l left, 39 l right) to 50 l (20 l left, 30 l right). This is particularly useful in city traffic, because the width is reduced by 120 mm.

Only available in conjunction with the case holder for Vario cases (also available as optional equipment): To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- 1 • Vario cases (30 l–39 l, left; 20 l–29 l, right)
- • Case holders for Vario cases

Aluminium topcase and backrest pad

The waterproof variable topcase can be mounted onto the standard luggage grid using the adapter plate. Alternatively, it can be fitted in conjunction with the optional luggage grid to replace the pillion passenger seat. As with the Vario cases, the capacity is adjustable, and can be expanded from 25 to 35 litres quickly and easily by moving a bar inside. Thanks to the backrest pad for the Vario topcase, the pillion passenger enjoys more comfort both on short trips and on long tours.

Only available in conjunction with topcase racks for luggage grids: To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- 2 • Vario topcase (25 l–35 l)
- Topcase rack for luggage grid
- 3 • Backrest pad for variable topcase

4 Inner bags for Vario case and topcase

These practical inner bags are waterproof thanks to their sealed interiors. They make it easier to load and unload the panniers and topcase. Just like the panniers and topcase their capacity is adjustable thanks to an all-round zip.

- Inner bag for Vario case left
- Inner bag for Vario case, right
- Inner bag for variable topcase

STORAGE.*

5 Luggage grid for pillion seat

The luggage grid made of black painted plastic replaces the pillion seat and offers the ideal basis for safely transporting luggage. In combination with the Vario cases, the result is a wide, flat packing surface on which even larger objects can be fastened close to the centre of gravity of the motorcycle.

Only available in conjunction with luggage grid. To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

Not available in conjunction with Rallye seat with luggage grid. Mounted parts only required if standard grab-handles upgraded.

- Luggage grid for pillion seat
- (+) Mounted parts

Atacama luggage system

Versatile softbag system with various features. Specially made for globetrotters who aren't afraid of tough conditions, with extremely tear-resistant materials and removable watertight inner bags. Thanks to a quick-fastening system, the side bags can be quickly attached to the luggage rack and are just as easy to remove. Backpack-style luggage roll.

The installation manual is available for download from the BMW Motorrad website. Only available in conjunction with case holders for aluminium cases (see aluminium cases).

- 6 • Atacama side bags, 25 and 35 litres
- (+) Mounted parts
- 7 • Atacama luggage roll, 40 l

- Large tankbag

The capacity of the lockable, waterproof main compartment can be expanded from 11 to 15 litres. The water-repellent exterior pocket safely holds a 0.5-litre PET bottle. The map pocket is also water repellent.

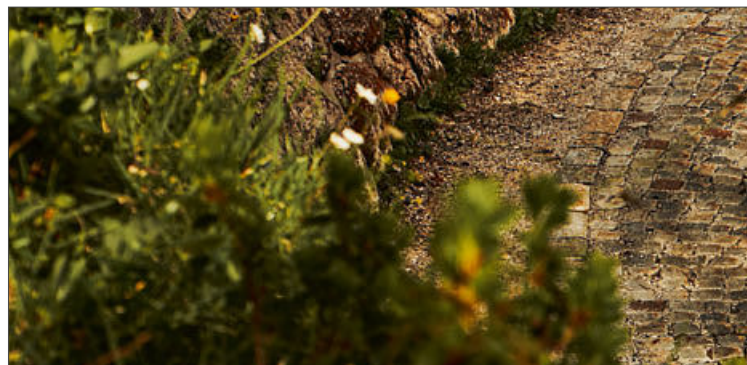

Scheduled availability from first quarter of 2019.

- Large tankbag, 11–15 litres

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(+) = "and" position must be ordered alongside it
(o) = "or" position can be used as an alternative

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

ORIGINAL BMW MOTORRAD ACCESSORIES.

STORAGE.*

- Small tankbag

The waterproof, lockable interior of the small tankbag has a capacity of 8 litres. The water-repellent exterior pocket safely holds a 0.5-litre PET bottle. The map pocket is also water repellent.

Scheduled availability from first quarter of 2019.

- Small tankbag, 8 l

1 Vario insert for tankbag

The Vario insert is a handy way to organise the contents of your tankbag and keeps everything in place even around tight bends.

Not available in conjunction with small tankbag.

- Adjustable insert for tankbag

2 Bag for luggage grid

The bag, which can be installed on all BMW motorcycle luggage racks, has a waterproof main compartment thanks to its roll-up closure. With 4.5 l capacity, it's ideal for a daytrip.

Only available in conjunction with luggage grid.

- Bag for luggage rack, 4.5 l

- Bag for pillion seat

This waterproof bag attaches to the pillion seat and offers 14 l of extra storage expandable to 18 l – just the right amount for day trips or even the daily commute. Along with the tankbag, it's the perfect way to add storage space.

Not available in conjunction with pillion seat luggage grid or Rallye seats with luggage grid. Scheduled availability from first quarter of 2019.

- Bag for pillion seat, 14 l – 18 l

3 Luggage roll

Robust, waterproof luggage roll with sturdy, removable EVA bottom tray and a volume of 50 litres. Roller closure for easy access, mesh outside pocket and small, waterproof inside zip pocket. Adjustable compression straps for volume adjustment. Removable, adjustable shoulder strap and padded carrying handle.

- Luggage roll, 50 l

STORAGE.*

4 Large softbag

The large, high-quality softbag has a waterproof 50-litre main compartment. Capacity can be expanded by up to 5 litres with patch pockets. It can be used on most vehicles, thanks to the slip-proof coating on its EVA base and its versatile universal mounting system.

- Large softbag, 50 l – 55 l

5 Small softbag

Need even more room? This 30-litre softbag can be expanded by an additional 5 litres. It has a watertight main compartment made of hard-wearing, easy-care material, and is easy to attach to the luggage grid or the pillion seat using the supplied fasteners.

- Small softbag, 30 l – 35 l

DESIGN.*

Chrome parts

The choice is yours. With the high-quality and shapely chrome parts they give your BMW R 1250 GS an unmistakable appearance.

- Chrome-plated exhaust manifold

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

6 Chrome-plated rear silencer

The installation manual is available for download from the BMW Motorrad website.

7 Black "Style" radiator grilles

The powder-coated black stainless steel radiator grilles visually connect to the motorcycle trim panel and round off the sporty design.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Black "Style" radiator grilles

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(+) = "and" position must be ordered alongside it
(o) = "or" position can be used as an alternative

ORIGINAL BMW MOTORRAD ACCESSORIES.

DESIGN.*

Option 719 milled parts

The Option 719 milled parts from BMW Motorrad Spezial transform the BMW R 1250 GS in an unmistakable way. They are freely selectable as accessories and also set distinctive accents individually. Also available as an equipment option.

Further information on BMW Motorrad Spezial can be found on pages 10–11.

DESIGN.*

Option 719 Classic milled parts

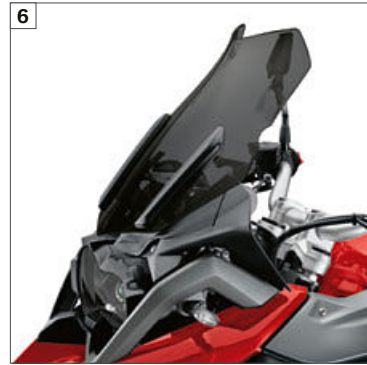

Scheduled availability from first quarter of 2019. Some of the Option 719 milled parts are shown on the BMW R 1250 RT. Cylinder head covers, engine housing cover, rider footrests, foot lever and hand lever: To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Option 719 Classic cylinder head covers
- Option 719 Classic front engine housing cover (figure on page 11)
- Option 719 Classic adjustable rider footrests
- Option 719 Classic adjustable foot lever
- Option 719 Classic adjustable hand lever
- Option 719 Classic oil filler plug
- Option 719 Silver mirror
- Option 719 Classic covers for expansion tank

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

(+) = "and" position must be ordered alongside it
(o) = "or" position can be used as an alternative

ORIGINAL BMW MOTORRAD ACCESSORIES.

DESIGN.*

1 Extended front mudguard

The larger mudguard emphasises the BMW R 1250 GS's Enduro style and offers improved spray protection.

Part of the BMW R 1250 GS HP version.
The installation manual is available for download from the BMW Motorrad website.

- Extended front mudguard
- (+) Mounted parts

2 LED indicators

A shining example: The beautifully designed LED indicators with white turn indicator glass convince with their slim design and modern lighting technology. They respond much faster than incandescent lamps and are virtually wear-free. This provides a clear safety advantage in road traffic. Also available as an equipment option.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- LED indicators (front and rear)

ERGONOMICS AND COMFORT.*

- Adjustable gear lever

Provides improved control when standing. With adjustable toe piece.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Adjustable gear lever
- (o) Black adjustable gear lever

3 Adjustable footbrake lever

Wider than before and height-adjustable thanks to a patented hinge mechanism, the footbrake lever improves the control of brake pressure when riding off-road in a standing position.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Adjustable footbrake lever

ERGONOMICS AND COMFORT.*

4 Enduro footrests

On off-road terrain, these wider, longer Enduro footrests ensure better control while allowing riders to comfortably use the gear and foot brake levers.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.
Part of the BMW R 1250 GS HP version.

- Enduro footrests (left and right)
- (+) Mounted parts

5 Adjustable rider footrests

These sprung rider footrests are designed for maximum comfort when seated. During standing off-road riding, the tread deflects to give a zigzag outline for better grip and control. Adjustable between three heights.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Adjustable rider footrests, Black (left and right)
- (+) Mounted parts

6 Tinted windshield

Underlines the powerful but refined look of the BMW R 1250 GS.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Tinted windshield

Rallye windshield, clear/tinted

Ideal for off-road: small enough to give the rider a clear view of the ground and freedom of movement when riding in a standing position. Available clear or tinted.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- 7 • Rallye windshield, clear
- 8 • Rallye windshield, tinted

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

NAVIGATION AND COMMUNICATION.*

1 BMW Motorrad navigation systems

With the multifunctional Navigator VI, route planning becomes child's play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way, and the waterproof display is easy to read even in direct sunlight. The high-resolution screen provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes can be created according to your personal preferences and enjoy driving on winding and quiet side roads. The "round trip" option is a good choice on unfamiliar terrain. In the end it will reliably lead back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. Operation is via the stable Mount Cradle; the four buttons can also be accurately controlled while wearing gloves. Choose the pre-installed map data, and you will always be up to date thanks to lifelong, free map updates.

Only available in conjunction with preparation for navigation device (also available as optional equipment).

- BMW Motorrad Navigator VI
- BMW Motorrad Navigator VI (without map data)

- Retrofit set preparation for navigation device

Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Retrofit set preparation for navigation device

(+) Mounted parts

- Car kit for BMW Motorrad Navigator VI

In conjunction with the optional car kit, the BMW Motorrad Navigator V and VI can also be used in a car as a hands-free device.

- Car kit for BMW Motorrad Navigator VI

NAVIGATION AND COMMUNICATION.*

2 Dual USB charger

You've got the power! The dual USB charger can charge up to two mobile devices (smartphone, MP3 player, tablet, digital camera, etc.) at the same time during your journey, via the 12-volt socket. It charges all of the latest smartphones in quick time with a maximum current of 2 x 2 amps.

- BMW Motorrad dual USB charger with 60 cm cable
- BMW Motorrad dual USB charger with 120 cm cable

- BMW USB adapter

Only in combination with dual USB charger.

- BMW adapter cable for Apple iPhone/iPod
- BMW adapter cable for micro USB

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

(+) = "and" position must be ordered alongside it
(o) = "or" position can be used as an alternative

SAFETY.*

Hand protectors

This tough hand protector is made of shatter-proof, UV-resistant plastic and provides effective protection for the hands against low branches and flying stones. Also available as an equipment option.

The installation manual is available for download from the BMW Motorrad website.

- Hand protectors
- Light White "Style" hand protector

2 Cylinder head cover guard

If the worst comes to the worst, the optional cylinder head cover guard provides additional protection against damage. And it also underscores the exceptional design of the boxer engine.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Cylinder head cover guard (left and right)

3 Engine protection bars

The stainless steel engine protection bar provides effective protection for the cylinders without compromising the lean angle. Also combines perfectly with the cylinder head cover guard.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Engine protection bar (left and right)
- (+) Mounted parts

4 Enduro aluminium bash plate

This sturdy Enduro aluminium bash plate was specially constructed for off-road use and provides optimal protection for the lower section of the engine.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Enduro aluminium bash plate

5 Frame protector

The black plastic frame protector provides effective protection against scratching, and chafing from motorcycle boots.

The installation manual is available for download from the BMW Motorrad website.

- Frame guard (left and right)
- (+) Mounted parts

SAFETY.*

6 Headlight guard

The headlight guard protects the headlight from damage when riding off-road. It is not approved for road use.

Screws on and off quickly and easily.

Scheduled availability from first quarter of 2019.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Headlight guard (for off-road use only, figure similar)

7 Radiator grille

A must for off-road riders: The two grilles provide effective radiator protection against flying stones.

The installation manual is available for download from the BMW Motorrad website. Part of the BMW R 1250 GS HP version.

- Radiator grille (left and right)

8 LED auxiliary headlights

The powerful LED auxiliary headlights deliver the necessary perspective when visibility is poor thanks to extended illumination.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

The auxiliary headlights are approved for use as fog lights, and may only be used in poor weather conditions. Country-specific road traffic regulations apply.

- LED auxiliary headlights (left and right)
- (+) Mounted parts

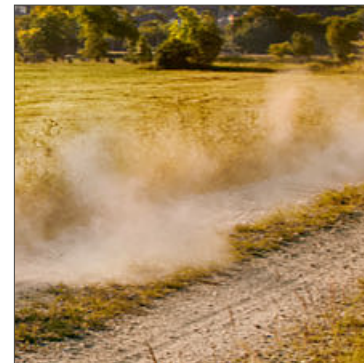

Safety screw for oil filler cap

Small, yet refined: this safety screw is made of milled aluminium and prevents unauthorized removal of the oil filler cap.

- Safety screw for oil filler cap
- Safety screw for black oil filler cap

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

(o) = "or" position can be used as an alternative

ORIGINAL BMW MOTORRAD ACCESSORIES.

SAFETY.*

- Anti-theft alarm system retrofit set

If the anti-theft alarm system is moved or struck violently, the system responds with a clearly audible signal and a flashing warning light. Also available as an equipment option.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Anti-theft alarm system retrofit set
- (+) Mounted parts

1 Brake disc lock with anti-theft alarm system

Double protection against theft: The brake disc lock with anti-theft alarm is the ideal theft deterrent when you're out with your bike. The lock made of hardened steel provides reliable protection against manipulation and is easy to store thanks to its compact dimensions. The anti-theft alarm system responds to movement and vibrations with a clearly audible signal.

- Brake disc lock with anti-theft alarm system

- Retrofit kit TPC (tyre pressure control)

Now with gradient monitoring, TPC from BMW Motorrad constantly monitors tyre pressure and provides riders with real-time updates. Riders are also alerted when there is any significant drop in pressure. Also available as an equipment option.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- TPC retrofit kit
- (+) Mounted parts

- Protective film for 6.5-inch TFT display

Scheduled availability from fourth quarter of 2018.

- Protective film for 6.5-inch TFT display

- First-aid kit

Compact waterproof case containing bandages and dressings. The large first-aid kit also complies with the DIN standard for motorcycle first-aid kits.

- First-aid kit, large
- First-aid kit, small

MAINTENANCE AND TECHNOLOGY.*

Workstands

Easy to set up, these sturdy workstands hold your bike securely in place, making maintenance easier to carry out. Available for front and rear wheels.

The figures show the BMW R 1200 RS.

Front sport workstand only to be used in conjunction with rear workstand.

2 • Sport workstand, front

(+) Mounted parts

3 • Rear workstand

- On-board tool kit

Small, lightweight and versatile, with the full range of tools to make it simple to maintain and care for your motorcycle.

Supplied without LED flashlight batteries; four LR41 1.5 V button cells required.

- On-board tool kit
- (+) Adapter for pencil ignition coil on-board tool kit

4 Multi-purpose toolkit

It's essential for every rider, whether at home or out on tour. Practical, light and easy-to-use, the BMW Motorrad multi-purpose toolkit is ideal for carrying out simple maintenance and care tasks, as well as for making ergonomic adjustments on your bike.

- Multi-purpose toolkit

- Repair manual

A clear and accessible guide to maintaining and repairing your motorcycle.

- Repair manual, DVD

5 Tyre pressure travel set

- Tyre pressure monitoring travel kit

6 Mini foot pump

Versatile and compact air pump with digital pressure gauge. Practical for checking the tyre pressure while out on tour.

- Mini foot pump

(o) = "or" position can be used as an alternative

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.com.

RIDER EQUIPMENT.

1 Rallye suit

The Rallye suit is full of handy features that make it the perfect globetrotter. The watertight insert can be worn both under and over the jacket for optimum protection from rain, wind and dirt. This well-ventilated suit is also made of abrasion-resistant ProTechWool material and has several pockets for storing your personal items.

2 Rallye gloves

When the road heats up, these lightweight, summery Enduro gloves help you to keep your cool. You'll always have the upper hand with this mix of materials: robust kangaroo leather, goatskin leather and elasticated Spandex. And the shock-resistant hard shell offers the ultimate protection for off-road touring.

3 Gravel boot

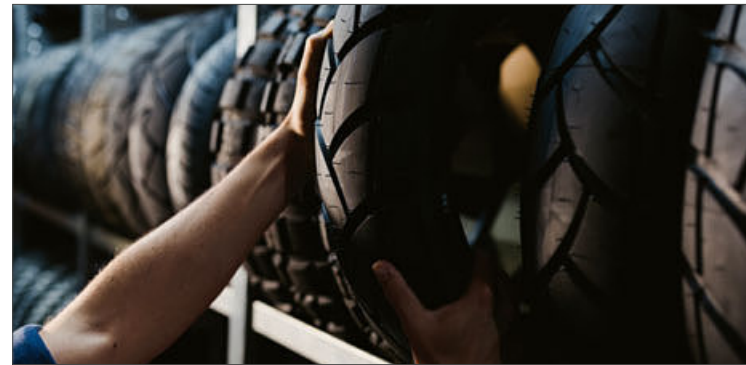

What's the best way for a biker to stay connected to their bike? With a pair of comfortable Enduro boots. Their fully weather-proof material with breathable GORE-TEX® membrane offers the best protection from the elements, all year long. A variety of safety features and an extremely tough sole only add to these boots' utter perfection.

4 GS Pro boots

Going off-road means making no compromises. And you certainly won't be making any with these splash-resistant off-road boots made of 100% full-grain calf leather. They're fitted with a removable padded inner boot, and have an articulated ankle joint for comfort and protection.

Find out about these items and other rider equipment at your BMW Motorrad dealer or at bmw-motorrad.nsc/ride

MAKE LIFE A RIDE.

SERVICES FROM BMW MOTORRAD.

BMW Motorrad Service

The extensive service network of BMW Motorrad ensures your bike gets the care it deserves. There are over 140 BMW service centres in Germany alone, and if you're off on your travels, you'll find them in over 100 countries around the world. Their outstanding quality of service is based on reliability and speed whenever spare parts are needed, competent advice for riders, as well as excellent workshop performance. This has earned them exceptional ratings from many independent bike magazines.

BMW Motorrad online

To find out more about BMW Motorrad and our product range, visit our website at bmw-motorrad.de. Explore the BMW Motorrad VirtualCenter, our online virtual showroom. There you will find the BikeConfigurator, for example, which allows you to configure your personal dream bike with just a few mouse clicks. You can then request a no-strings quote for your individual bike, book a test ride or order current brochures.

Globetrotting bikers will find a wealth of information at the Travel Point: bmw-motorrad.com/travelpoint.

And you'll find full details of the BMW Motorrad rider equipment range at bmw-motorrad.com/riderspoint

BMW Motorrad mobility services

BMW Motorrad also prides itself on the quality of the aftersales care it provides. BMW Motorrad mobility services are a perfect example of this. With our free and comprehensive mobility services, you have the best possible protection in the event of a breakdown. Around the clock, every day of the year. And this cover applies irrespective of whether you bought your bike new or pre-owned.

BMW Motorrad mobility services ensure unrestricted mobility. You can count on receiving professional assistance not just at home, but also elsewhere in Europe.

Qualified specialists will do everything possible on-the-spot to get your BMW bike back on the road. If this is not possible, BMW Motorrad mobility services ensure that you can continue your journey without interruption. So that you always reach your destination.

Ask your BMW Motorrad dealer for more information or visit bmw-motorrad.com

BMW Financial Services

Freedom on two wheels. BMW Financial Services helps you to get the most out of your riding experience. Financial services are very similar to configuring your own personal bike: an individual solution is always best. And that is particularly true when it comes to your mobility.

Finance

BMW Financial Services offers convenient finance solutions that are tailored to your individual needs.

BMW Basic Finance

Choose a term (12 to 72 months) with a downpayment and instalments to suit your budget. Get your personal quote from your BMW Motorrad dealer.

BMW Final Instalment Finance

This finance option provides you with added flexibility. You make a downpayment at the start, and then pay low monthly instalments for your chosen term of 12 to 54 months. The balance is then due as a final instalment at the end of the term.

BMW Select

All the freedom you need with BMW Select. You benefit here from the advantages of a highly-flexible concept that offers terms between 12 and 47 months with a low monthly instalment, since the regular monthly payments are based on your mileage. At the end of the contract, you are completely free to choose one of three options – keep the bike, continue financing or return it to your BMW dealer.

BMW Leasing

This is perhaps the most fascinating way of reducing the strain on your budget. Instead of paying the complete purchase price of the bike, you simply pay monthly instalments. You can decide on the amount of the monthly instalment by choosing the contract term and mileage that best meet your needs and also by making an upfront payment if you wish.

A herd of sheep is running across a paved road in a mountainous region. The sheep are in the foreground, moving from left to right. In the background, there are large, rugged mountains with patches of snow. A concrete railing runs along the edge of the road.

MAKE YOUR DREAM A REALITY WITH 3ASY RIDE.
